GENERAL INFORMATION

We invite university and college teachers, doctoral students, master's students, school teachers, methodologists, as well as anyone interested in the issues under consideration to participate in the international scientific and practical conference "Sultangazin Readings".

A collection of conference articles will be published as a result. The published collection has the corresponding library indexes UDC and BBC, printed book index ISBN.

As a result of participation in the conference, each author will receive a personal certificate of the approved form with seals and signatures of the organizing committee, confirming participation in the conference and a collection of conference articles in PDF format, which will be posted on the website of the KRU named after Akhmet Baitursynuly (<https://ksu.edu.kz/science-and-innovation/materials-of-scientific-conferences/sultangazin-reading/>).

Conference languages: Kazakh, Russian, English.

The format of participation in the conference is in-person and remote.

MAIN AREAS OF WORK OF THE CONFERENCE

1. Physics education in the context of transformation of the educational environment.
2. Mathematics in the era of AI: from modern problems to education of the future.
3. Modern digital technologies in the development of society and education.
4. Professional and supplementary education: methodology and practice.

CONTROL DATES

Submission of materials, articles	Until November 01, 2025
Notification of acceptance/approval of an article for publication or notification of the need to revise the article	Until November 10, 2025

CONDITIONS OF PARTICIPATION IN THE CONFERENCE

Requirements for article formatting

Publication Ethics	The originality of the text must be more than 70%. The authors bear full responsibility for the accuracy of the content of the submitted materials, compliance with ethical and legal standards and for the consequences associated with the publication of the article.
Authors	No more than 3 authors are allowed per article. Each author can submit an unlimited number of articles for publication. The same article is sent to only one section.
Volume	The article volume is from 3 to 6 pages, including annotation, keywords, etc.
Structure (see template)	UDC on the subject of the article, authors' full name, title, annotations (Kazakh, Russian, English), keywords, main text of the article, bibliography under the heading "List of used sources".
Design (see template)	The text of the article in .doc format (Microsoft Word 2003). A4 sheet format (297 x 210 mm). All margins – 2 cm. Pages in the electronic version are not numbered. Font: Arial. Symbol size – 10 pt. The text should be formatted by width without hyphenation, indent at the beginning of a paragraph – 1.25 cm. Line spacing – single. Automatic numbering shouldn't be used in the text of the article; - the article must contain the Universal Decimal Classification (UDC) index, placed in the upper left corner; - article title (in capital letters, bold), author's full name, academic degree, title, position, place of work (study), city, country. If the city is not explicitly indicated in the name of the organization, the city is indicated after a comma after the name of the organization; for foreign organizations the city and country are indicated. If the article was prepared by several authors, their data are indicated in the order of the significance of each author's contribution to

	the article; the number of authors is no more than three; - an abstract in a line after the information about the author in three languages (Kazakh, Russian and English), the first one in the language of the article (in italics, regular font, 3-5 sentences) and keywords (3-5 words); - the list of information sources used in preparing the article is located at the end of the article. The list of sources is given in the order of references to them in the article. The reference number in the text of the article is formatted in square brackets, for example – [1, p.13]. The list of references is formatted in accordance with ISO 7.1-2003 “Bibliographic record. Bibliographic description. General requirements and rules for compilation”; - design of tables. Each table must be numbered and have a title. The table number and title are placed above the table. The number is formatted as "Table 1" ("Кесте 1", " Таблица 1"), the font style is italic. The table title is placed with a dash; - design of graphic materials. Graphic materials should be prepared using the programs "Microsoft Graph" or "Excel" without using scanning. Graphic objects should be in the form of a drawing or grouped objects. Graphic objects should not go beyond the page margins and exceed one page; - each object must be numbered and have a title. The object number and title are placed under the object. The number is formatted as "Figure 1" ("Сурет 1", " Рисунок 1"); - formula design. Mathematical formulas are designed using the formula editor "Microsoft Equation". Their numbering is placed on the right side in brackets. With a large number of formulas, it is recommended to number them independently for each section.
Reviewing	The editorial board reserves the right to reject articles that do not meet the design requirements.

The registration fee for participation in the conference and publication of an article in the collection of materials is **3000 tenge**.

Submit materials no later than November 01, 2025 inclusive to the e-mail address: e-mail: sultangazin_2023@mail.ru@mail.ru in separate files:
